

# *Moving Advice, Step by Step*

## **4 weeks before moving home**

- Make a change of address form with the Post Office for each person receiving mail at your home not leave it close to removals day.
- Notify creditors, magazines, and book and record clubs of your new house moving to.
- Contact doctors and dentists for your family's medical records before ***moving home***.
- Ask your physicians for colleague recommendations in your new city you **moving** in.
- Try to make copies of renewable prescriptions before you make you *removals*.
- Make decision which items should be discarded or donated to charity well ahead before backing and the removal company park there vans.
- Complete a home inventory listing each possession, date purchased and value we will supply the forms, and this forms is helpful you can provide a copy to your **removal company** before the house moving start.
- Notify your local utilities to have your service turned off after your house.
- Contact utilities at your new home for connections before one day of your home moving day.
- Notify your children's schools, your church, clubs and any other organizations of your impending home moving, <http://www.removalsinlondon.com> .

## **3 weeks before moving house**

- Decide which items you will pack, and request delivery of packing materials from *London Removals*
- Draw out the floor plan of your new moving home to determine placement of furnishings to make the unloading are easy on removals day.
- Make a list of names, addresses and numbers you will need or want to remember don't let to the last minute in your house removals day every things is packed and chaos.
- Pack your local phone book and Yellow Pages so you can contact businesses after your home removals.
- Notify our **removals company** if you have changed anything about your removal; household goods, destination, dates of **moving home**.
- Make arrangements to move your plants and pets and notice your removal company as plants need a lot of space when moving them.
- Transfer contents of safety deposit box.
- Check home owners Extra care handling charge policies to see if moving is covered.

- Transfer Extra care handling charge to cover fire, theft and personal property at your new home before moving in, <http://www.removalscompanyinlondon.com> .

## 2 week before removals

- Plan carefully your trip to your new destination. Make travel accommodations, and if driving, have your car serviced don't let it in moving day it's such bad time for a break down on removals day.
- Return borrowed things, and collect things you've loaned before moving home away and coming back all the way after your removal.
- Make arrangements for servicing your appliances both at your current home and your new moving home.
- Dispose of flammables such as petrol, matches; cleaning fluids, bleach, pressurized or aerosol cans do not include them on your removal stuff.
- Discontinue regular services such as newspaper, window cleaning; by let them know you are moving etc.
- If moving your TV antenna or satellite dish, make arrangements to have it taken down and arrange to fix them back when your removals is done, <http://www.removalscompanyinlondon.com> .

## 1 week before removal

- Our **Moving Company London** would suggest to Transfer bank and savings accounts so you don't lose interest.
- Make arrangements to discontinue your local telephone service as relocation needs. (Your local telephone company can help you launch phone service at your new home)
- Determine which items are moving with you.
- If doing your own packing, pack these items and set aside in a designated area.
- Have rugs and curtains cleaned, is better off before your London removal. Use up your frozen food supply or give it away less space and hassle on house relocation day.
- Do not forget before moving Drain the fuel from lawnmowers and other power equipments is not safe moving them with a fuel, <http://www.removalscompanyinlondon.com> .
